Wild Flowers Don't Care Where They Grow

Verse 1
For the least hills I could run, with just wild flowers in the sun, I refused to just die inflowing the sun, I and fused was just to even...

Verse 2
And the flowers I knew, in the fields where they grew were content to be lost in the crowd (in the crowd). They were common and close, I had no room for growth. And I wanted so much to branch out, (to branch out). I uprooted myself from home ground and left, Took my dreams and I took to the road (to the road). When a flower grows wild, it can always survive, Wild flowers don't care where they grow (where they grow). Wild flowers don't care where they grow (where they grow).

Verse 3
I grew up fast and wild, and I never felt right, In a garden so different from me (from me). I just never belonged, I just longed to be gone. So the garden one day set me free (set me free). Hitched a ride on the wind and since He was my friend. I just let Him decide where to go (where to go). When a flower grows wild it can always survive.
