Chorus: Will the circle be unbroken by and by Lord,
1. I was standing by my window on a cold and lonely day.
2. Lord I told that under the sky when I saw the hearse come rolling.
3. Well I followed close behind her, pleased to hold up.
4. I went home behind my home was lonely now my mother.

by and by
There's a better home a waiting
cloudy day
When I saw that hearse come rolling

and be brave
but I could not hide my sorrow,
she has gone
All my brothers and sisters crying,

in the sky, Lord, in the sky.
for to carry my mother away.
when they laid her in the grave.
what a home, so sad and alone.
